

P⁵ Overview

Decision

P5 Advantages	
Install & run in minutes	✓
Browser based	✓
Scales easy	✓
Combine any products	✓
Mac/Win/Linux/Solaris	✓
Disk, Tape & Libraries	✓

Restore Tolerance: Be without Data for (=RTO Recovery Time Objective)		Product	Retention Time
Minutes	Data Availability/Failover NO Restore necessary	P5 Synchronize	Days
Hours	Backup to Disk/Tape, cyclic, also Off-site	P5 Backup P5 Backup2Go	Weeks
Hours-Days	Long term archiving, migrate data, Off-site	P5 Archive	Years

Definitions
Backup = Data Duplication (overwrites when retention time reached) Archive = Data Migration (grows continuously)
Discount Types
EDU, Non-Profit & Government: 20% discount Trade in a competitor's product: up to 30% discount
Software Maintenance
Annual maintenance option ensures software stays up to date.

Products

High Availability/Failover
P5 Synchronize

Cloned Data

- ✓ Immediate Access/Failover
- ✓ Versions & Snapshots
- ✓ FSEvents
- ✓ Xsan, metaSan, SAN

Server Backup to Disk and Tape
P5 Backup

Nearline and Offline Backup

- ✓ Versions & Snapshots
- ✓ Interruptible Backup
- ✓ User Restore
- ✓ Long Retention & Offsite Storage

Workstation Backup
P5 Backup2Go

Online Backup

- ✓ Zero Administration
- ✓ Invisible in Background
- ✓ From anywhere
- ✓ User Restore & Timeline
- ✓ 10-100s Workstations

Migrate Date Offline to Tape/Disk
P5 Archive

- ✓ Previews & Metadata
- ✓ Browse & Search
- ✓ User Restore
- ✓ Offsite Storage
- ✓ Video Archive

Solution

Disk2Disk2Tape – P5 Synchronize & P5 Backup

Online and Offline Backup Data

- ✓ Immediate Access/Failover
- ✓ Version Management, Snapshots
- ✓ Max Backup Window
- ✓ Long Retention & Off-site Storage
